KEY CHARACTERISTICS

DESCRIPTION

The Haulotte Star 10 is best suited to internal work at height being clean and compact with non-marking tyres. Perfect for maintenance tasks up to 10 metres, this boom lift also has a jib enabling a horizontal reach of 3 metres. Eco-friendly and battery powered, the Star 10 can also be used outdoors on flat ground with turret rotation and zero tail-swing.

FEATURES

- Full Electric Drive
- 345° Rotation (No Tail Swing)
- Non-Marking Tyres
- Proportional Controls
- 4.5 km/h Drive Speed
- 1.87m Outside Turning Radius
